Modesto Associate Post Masters Mental Health Fellowship Mental Health Training Program Bio's

Derek Pehle, PsyD. Training Director

Dr. Pehle has been working with KP for 14+ years. His primary clinical focus has been on Trauma Recovery Treatment and he currently works in the Intensive Outpatient Program. For several years, he was a member of the local Behavioral Health Quality Committee charged with insuring the provision of ethical and quality mental health services. Dr. Pehle brings his prior experience managing a training counseling center in Bay Area to this training program. He has a strong passion for training and supervision. In fact, Dr. Pehle's doctoral dissertation was on the experience of the novice therapists.
