Internship Program Admissions

Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program’s policies on intern selection and practicum and academic preparation requirements:
The Kaiser Permanente Silicon Valley Psychology Internship Consortium Training Program is comprised of three medical centers within the Kaiser Permanente Northern California Region – Fremont Medical Center, San Jose Medical Center, and Santa Clara Medical Center. Interns work 40 hours each week, 20 of which are devoted to direct patient care. There are no part-time positions. The Internship in Clinical Psychology supports 11 full-time doctoral psychology Interns. Residing within a very large outpatient Mental Health Department of over 150 professionals, the Internship offers a model of integrated health care within Kaiser Permanente’s busy Medical Centers and includes experiences training with diverse populations. The Internship provides supervised professional psychological services throughout our Behavioral Medicine, Addiction Medicine, Child, Adolescent, and Adult Services. Evaluations of Intern performance and Intern feedback for the program are collected regularly, and are an essential aspect of our ongoing program evaluation.

Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:
