Internship Program Admissions

Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:

Kaiser Permanente Walnut Creek Medical Center provides comprehensive health care to the Diablo Service Area, and surrounding areas. There are more than 600 physicians and 5,000 employees providing care for our members at Walnut Creek Medical Center (WCR).

The Walnut Creek Internship in Clinical Psychology (WCRICP) supports 10 full-time psychology interns and provides more than eight distinct training rotations. Residing within a very large outpatient Mental Health Department of over 150 professionals, the internship offers a model of integrated health care within Kaiser Permanente's busy Walnut Creek Medical Center and also includes two nearby satellite offices offering additional experiences to interns training with diverse populations providing treatment to more than 450,000 Kaiser Members. WCR's Mental Health & Addiction Medicine Recovery Services delivers the Northern California region's highest level of care in several specialty areas of treatment, including addiction medicine, intensive outpatient psychiatry (post-hospitalization) and eating disorders intensive outpatient program. The internship provides supervised professional psychological services throughout our Mental Health Department, Addiction Medicine Services, Teen & Adult Intensive Outpatient Services. We also offer unique internship training rotations in pediatric primary care. Intern evaluations of the program are collected twice annually and are an essential aspect of our ongoing program evaluation.
